Meeting was called to order by Sarah Moore at 12:10pm -

Upcoming and past wellness matters were discussed. The Key club gathered 44 units of blood from their blood drive, which was 10 units over their goal. Over 29 faculty members have been trained in the administration of Narcan, and 20 have been trained in providing first care for seizures. The Flu vaccine report was released and there were 113 flu shots administered in the elementary and 116 administered in the high school. Vision and hearing screenings are also underway and have been running very smoothly due to the new machine that was acquired with grant money.

Upcoming health events include the Cardio Optics ultrasounds on 2/2/24, and St. Bernards mammogram bus on 3/8/24. School menus were also discussed, and no recommendations were made for changes to the menus.

The meeting was adjured at 12.43pm
