By signing below, you are agreeing that the district has in place a wellness policy that addresses all federal and state wellness policy requirements. The district agrees that all federal Smart Snacks Regulations, the Arkansas Nutrition and Physical Activity Standards, and the Arkansas Maximum Portion Size List requirements will be implemented and adhered to at all applicable times and locations. These requirements affect second meals, a la carte items, competitive foods, vending machines, school parties, fundraisers, and all other foods on campus. Those listed as the "person responsible for implementing/assessing the District's Wellness Policy" are tasked with ensuring school compliance in these areas. Compliance will be assessed during Administrative Reviews, and findings will result in the development and implementation of a Corrective Action Plan.
